SMART S-SS TX SINGLE SENSOR HEAD & SINGLE OUTPUT with DISPLAY

Designed to meet with the toughest industrial requirements, **SMART S-SS** line allows monitoring flammable, toxic and refrigerant gases in harsh environments. These detectors have been certified to SIL 2 Hardware SIL 3 Software capability.
SMART S-SS are ATEX certified for zone 1 as II2G Ex db IIC T5 Gb

S-SS 4A (copper free Al enclosure)   **S-SS 2S (SS enclosure)**

Sensor heads to be selected among S4, S6, S8

4A Transmitter Exd Aluminum enclosure, copper free, electronics and features

CODE	DESCRIPTION		
SSS4A 11	Electronic with1 output RS485+4-20mA, LCD display		
SSS4A 12	Electronic with1 output RS485+4-20mA, LED display		
SSS4A 13	Electronic with1 output RS485+4-20mA, LCD display, 3-relay card		
SSS4A 14	Electronic with1 output RS485+4-20mA, LED display, 3-relay card		
SSS4A 17	Electronic with1 output RS485+4-20mA, LCD display, 3-relay card, Modem Hart		
SSS4A 18	Electronic with1 output RS485+4-20mA, LED display, 3-relay card, Modem Hart		

2S Transmitter Stainless steel enclosure, electronics and features

CODE	DESCRIPTION		
SSS2S 11	Electronic with1 output RS485+4-20mA, LCD display		
SSS2S 12	Electronic with1 output RS485+4-20mA, LED display		
SSS2S 13	Electronic with1 output RS485+4-20mA, LCD display, 3-relay card		
SSS2S 14	Electronic with1 output RS485+4-20mA, LED display, 3-relay card		
SSS2S 17	Electronic with1 output RS485+4-20mA, LCD display, 3-relay card, Modem Hart		
SSS2S 18	Electronic with1 output RS485+4-20mA, LED display, 3-relay card, Modem Hart		

Examples of possible solutions:

SSS4A12-S4003ME   SSS4A12-S6002ME   SSS2S12-S4003ME
